

The association supporting European
SMEs in standardisation

Our mission

1

Represent

the interests of SMEs
in standardisation at
European and
international level

2

Raise awareness

disseminate info about
standardisation to
facilitate the uptake of
standards among SMEs

3

Motivate SMEs

and instruct them on
how to get involved
in the standardisation
process

“ SBS was established to meet the
European Union’s aspiration to make
the **standardisation system**
as **inclusive, transparent**
and **open** as possible ”

Why standards matter
and how to get involved

Making standards work for SMEs

Working groups
